SURVIVAL WITH POLISH

Adaptation week with Polish and Polish culture!

Adaptation week with Polish and Polish culture! Your employees have been relocated to Poland, and need some new language abilities to adjust to their new reality and feel comfortable in their workplace?

Welcome to our school for a short course *Survival with Polish*.

Within a week we will teach the basic phrases and add courage in the first attempt to speak in Polish. During this short course will show the places you need to know in Krakow to make your stay more comfortable and secure. We will visit the most important monuments and take you to places where you can discover Polish cuisine. We will provide contact with Polish culture during additional thematic workshops.

REGULAR POLISH COURSES

Individual courses

for employee

Series of classes adapted to the preferences and abilities of the student. Matched to work hours with the option of on-line course (Webex, Skype).

The offer includes a set of meetings for employees. This is the best way to learn, taking into account individual opportunities and predispositions in the field of accommodating language skills.

for your employees' partners

Allows active use of spare time especially in the morning and afternoon hours. Incorporating interesting language classes combined with the discovery of Krakow by practicing in the city with real life situations.

Helps to overcome language barriers and reinforces learning by natural methods. At the request of our students we can combine language learning with their passion organize workshops focused on their interests such as culinary, tailor or florist's workshops.

for children ONLINE

Classes in this age range are first and foremost the exploration of Polish in a million of fun ways which helps in dealing with peers and the convenience of establishing new friendships. We provide a lot of fun with singing, dancing, listening and drawing.

Our teachers help your child make their „baby steps” in Polish and work with them to build on skills which they already have. The teachers support your child to overcome language barriers and create a positive atmosphere to facilitate learning.

Mini-group courses

Classes aimed at conducting conversations in Polish. In the course plan – extension of vocabulary from everyday life as well as business language (if necessary). Through group meetings, the project supports employees integration and helps them find themselves not only in their new home, but also in their new work environment.

Classes led interchangeably by two lecturers.
